总代平级介绍说明图

Peer-level General Agent introduction diagram

重点提示 Key Reminder

级别不同，成本不同，有高额利润差；比如合伙人卖官方或者卖总代有利润差，合伙人以下的级别销售回款的奖励（5%、3%、2%），是由被介绍人的上级支付（官方由直接上级合伙人支付，总代由直接上级官方支付）

Different levels have different costs, resulting in high profit margins. For example, a partner selling to an official agent or a general agent earns a profit margin. The sales collection rewards (5%, 3%, 2%) for levels below the partner are paid by the introducer's superior (officials are paid by their direct superior partner; general agents are paid by their direct superior official)

官方转介绍说明

1:总代 → 介绍 → 总代1

1: GENERAL AGENT → INTRODUCTION → GENERAL AGENT 1

总代获得：

总部一次性居间奖励：8%
上级官方的销售回款奖励：5%

General agent receives: 8% one-time intermediary reward from headquarters; 5% sales collection reward from superior official.

2:总代1 → 介绍 → 总代2

2: GENERAL AGENT 1→ INTRODUCTION → GENERAL AGENT 2

总代1获得：

总部一次性居间奖励：8%，上级官方的销售回款奖励：5%
General Agent 1 receives: 8% one-time intermediary reward from headquarters; 5% sales collection reward from superior official.

总代获得：

上级官方的销售回款奖励：3%
General Agent receives: 3% sales collection reward from superior official.

3:总代2 → 介绍 → 总代3

3: GENERAL AGENT 2→ INTRODUCTION → GENERAL AGENT 3

总代2获得：

总部一次性居间奖励：8%，上级官方的销售回款奖励：5%
General Agent 2 receives: 8% one-time intermediary reward from headquarters; 5% sales collection reward from superior official.

总代1获得： 上级官方的销售回款奖励：3%

General Agent 1 receives: 3% sales collection reward from superior official.

总代获得： 上级官方的销售回款奖励：2%

General Agent receives: 2% sales collection reward from superior official.

注：A、以此类推，但合伙人3介绍的合伙人4，就与合伙人无关（三代循环）。B、官方、总代与以上循环一样，居间费用（8%）都有HBH单店来奖励。

Note: a. Partner 4 introduced by Partner 3 is no longer connected to the original Partner (3-generation cycle). b. Officials & General Agents follow the same cycle; the 8% referral fee is paid by HBH single store.

提示：纵线不同级别销售，比如：纵线属于级别不同，成本不同，有高额利润差；比如合伙人卖官方或者卖总代有利润差，合伙人以下的级别销售回款的奖励（5%、3%、2%），有被介绍人的上级支付（官方有直接上级合伙人支付，总代有直接上级官方支付）。

Note – Vertical different-level sales: Different levels = different costs & high profit margins. Example: A Partner selling to an Official or General Agent earns the margin difference. The sales rebates (5%, 3%, 2%) for levels below Partner are paid by the direct superior of the referred person (Official's direct superior = Partner; General Agent's direct superior = Official).
